### A View of the Bible

Many throughout history have examined the Bible and its contents. Here is a cross section of quotes with reference to God's Word:

- *"The Bible stands apart from all other books, and has survived and will survive all the attacks of its enemies. It is like the electric torch that shines over the water of New York Bay, struck by the wing of many a seabird that dashes against it in its reckless flight, but still shining on unmoved while the foolish and reckless assailant falls bleeding and wounded at its feet. It is an anvil which has worn out many a hammer of hostile criticism, while the anvil still remains unshaken amid the wreck of all that have assailed it."* - A.B. Simpson
- *"Any part of the human body can only be properly explained in reference to the whole body. And any part of the Bible can only be properly explained in reference to the whole Bible."* - F.F. Bruce
- *"The inspiration and authority of the Bible is the bedrock upon which our faith is built. Without it, we are doomed to uncertainty, doubt, and a hopeless groping in the darkness of human speculation."* - Sam Storms

- “Most people are bothered by those passages of Scripture they do not understand, but the passages that bother me are those I do understand.” - Mark Twain
- “The Bible: Simple enough that a child can understand it; deep enough that a scholar can drown in it.” - Unknown
- “Infidelity and skepticism abound everywhere. In one form or another they are to be found in every rank and class of society. Thousands are not ashamed to say that they regard the Bible as an old obsolete Jewish book, which has no special claim on our faith and obedience, and that it contains many inaccuracies and defects. In a day like this, the true Christian should be able to set his foot down firmly, and to render a reason of his confidence in God’s Word. He should be able by sound arguments to show good cause why he thinks the Bible is from heaven and not from men.” - J.C. Ryle
- “The book to read is not the one which thinks for you, but the one which makes you think. No book in the world equals the Bible for that.” - James McCosh
- “An honest man with an open Bible and a pad and pencil is sure to find out what is wrong with him very quickly.” - A.W. Tozer
