## Reopening Plans, pt. 2

This week, Governor Inslee issued his plan for reopening churches in Washington. The plans include many things not prescribed by the CDC. We are in the process of assessing his criteria.

Upon surveying the membership, we have 50 responses for the 9:00am "At Risk" service, 119 for the "Other/regular" 11:00am service, and 22 who will remain participants for an undetermined amount of time in the online service. We fully support everyone's decisions and are working diligently to accommodate each of our members in these three categories.

Some additional details including in our reopening plans:

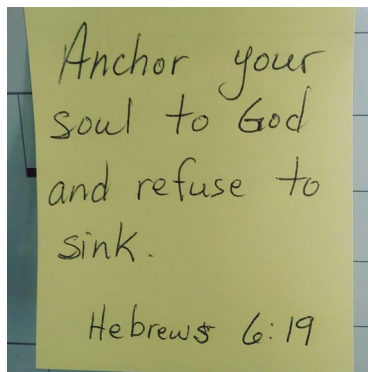

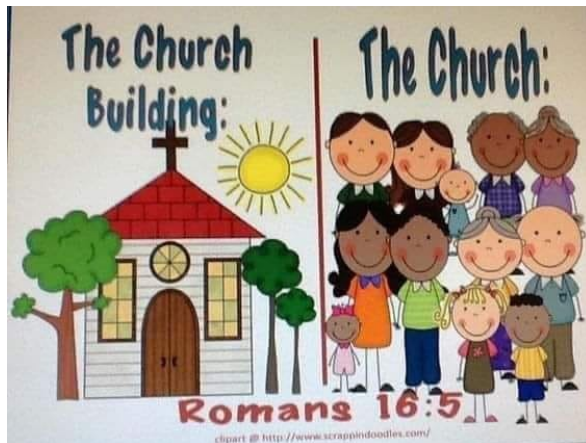

- The two worship services on Sunday morning will have the same sermon, songs, and communion meditation to provide unity in both groups

- Special protocols are being established for the sharing of communion
- Entering and exiting the building will be organized to provide the most protection for all members
- New equipment is being purchased and installed to provide a quality live broadcast of 11:00am worship service

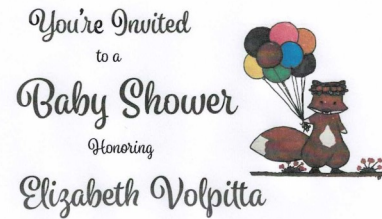

More details will be forthcoming in the future. The leadership is working very hard to make the restart safe and effective, while focusing on bringing honor and glory to God. We covet your continued prayer.
